

ELECTION PROCLAMATION

WHEREAS, On the 6th day of June A. D. 1921, The Governor of New Mexico, The Honorable, Merritt C. Mechem, issued a Proclamation Calling for a Special Election, to be held on the 20th day of September, A. D. 1921, in the State of New Mexico, for the purpose of voting for a United States Senator, to fill the Vacancy of the unexpired term of Senator Albert B. Fall, and also to vote on the amendments of the State Constitution, submitted to the voters of the State of New Mexico, by the last State Legislature.

NOW, THEREFORE, In compliance with the above Proclamation, we the Board of County Commissioners of New Mexico, do, ordain and Proclaim a general Election, to be held through out the County, on the 20th, day of September, A.D. 1921, for the purpose of Electing One United States Senator, to fill the unexpired term of former United States Senator Albert B. Fall, and also to vote on the following Constitutional Amendments, submitted to the voters of the State of New Mexico, by the last State Legislature, as follows:

Constitutional Amendment No. 1, for an Amendment of Section 2 of Article VII of the Constitution of the State of New Mexico. Constitutional Amendment No. 2 for an Amendment to Section 22 of Article II of the State Constitution of the State of New Mexico. Constitutional Amendment No. 3 for an Amendment to Section 1 of Article V of the Constitution of the State of New Mexico. Constitutional Amendment No. 4 for an Amendment to Section 5 of Article VIII of the Constitution of the State of New Mexico. Constitutional Amendment No. 5 an Amendment to Article XI of the Constitution of the State of New Mexico entitled "Corporations other than Municipal" by adding thereto a new section to be numbered 19. Constitutional Amendment No. 6 to Amend Section 3 of Article XX, and Section 5, Article IV, of the Constitution of the State of New Mexico. Constitutional Amendment No. 7 an Amendment to Article VIII of the Constitution of the State of New Mexico, entitled "Public Lands". Constitutional Amendment No. 8 an Amendment to Section 2 of Article VIII of the State of New Mexico. Constitutional Amendment No. 9 an Amendment of Section 12 of Article Nine of the Constitution of the State of New Mexico, entitled "State, County and Municipal Indebtedness." Constitutional Amendment No. 10 an Amendment to Section 2 of Article X of the Constitution of the State of New Mexico, entitled "County and Municipal Amendment No. 11 an Amendment to the Constitution of the State of New Mexico by adding thereto another Section to Article IX, the same to be numbered 16.

Given by order of the Board of County Commissioners of Harding County, this 3rd day of September, A.D. 1921.
E. F. Gallegos,
Chairman Board of County Commissioners
Attest:
C. Ernest Anderson,
County Clerk,
By R. Lopez,
Deputy.

JUDGES OF ELECTION
HARDING COUNTY.

The Baptist Ladies Missionary Society met at the home of Mrs. R. A. Pendleton Thursday afternoon. Quiet a number of ladies were present, and after their regular routine, the hostess served a very nice lunch which was appreciated by all that were present.

COMPLICATED SIGNALS

Complicated systems of hand signals designed for use by motorists may be all right in theory, in practice, however, they don't amount to much, as nobody understands them. Why not cut out the fraternalistic high signs and simply extend the arm outside the car? The following motorist will understand that you are going to do something and will be on his guard.

NEW SAFETY SIGNAL DEVICE

Indicator Placed on Top of Rear Left Fender Can Be Seen From Front or Rear.

A double safety signal for automobiles, which indicates to pedestrians in front and the driver of a car in the rear just what the driver of a car equipped with the new device intends to do, is a recent development according to Popular Mechanics Magazine. The device consists of a box mounted on top of the left rear fender, where it can be seen from both front and rear.

PEDAL REST IS CONVENIENT

Ordinary Strap Hinge May Be Converted Into Very Satisfactory Footstool.

A very satisfactory foot rest or accelerator extension may be made from an ordinary strap hinge. One-half of the hinge is fastened to the floor boards, while the other rests on the accelerator. All that is necessary to operate the accelerator is a slight pressure on any part of the free half of the hinge.

MRS. CAL JONES AND DAUGHTER CALLIE HURT BY AUTO

Mrs. Cal Jones and daughter Callie were run over by an auto at the street crossing near the Glenrock hotel in Tucumcari last Monday evening. They had been to Roy visiting relatives and had gone down on the Polly and were just leaving the depot when the car came from the east running into them at the crossing. Mrs. Jones saw that it was impossible to dodge the fast moving car and pushed her little daughter to one side, but before she could clear her from the car, the little girl was struck by one fender. Mrs. Jones was thrown to the ground and the wheel passed over her chest. Both were carried into the Glenrock and cared for by Dr. Gibbs of Roy, who happened to be at the depot when the accident happened and Dr. Doty of Tucumcari. Later in the evening they were taken to their homes where they are both reported out of danger, although they are suffering very much from the bruises.

The party that ran over them claimed he was dodging a bicycle and did not notice them coming.

Mrs. Jones is a daughter of Mrs. M. C. Leach of west of Roy, and had been visiting her mother for several days and was just returning home when the accident occurred.

The Fair opens Thursday the Fifteenth with a bang.

Nearly two thousand dollars worth of merchandise will be given away by merchants, jobbers and manufacturers all over the country.

You should be one of the recipients. It is the means by which we merchants and our men who sell to us can talk to you by actions.

The gate fees will be small. Only 50 cents per day will be charged. The program, races and ball games, ordinarily would cost you \$1.50 per day. The gate receipts will no more than pay for the rental of tents and lumber.

A fine blue enamel kitchen range worth \$125.00, donated by Montgomery Ward & Co., of Kansas City, Mo., and six dozen Ender's Safety Razors, given by Ender Sales Co. of New York, will be given away on the fair grounds and every man and woman who comes to the fair has an equal chance on them. Remember the prizes and ask the man at the ticket office at the main gate how you can get one of them. You might get the stove or you might get a razor or two.

Read the lists in the paper and in the premium lists for all the information and good news from the world manufacturers who have sent their wares and representatives to bring you good cheer. Listen to these men talk when they arrive.

At 12.30 P. M. of the third day the big range and safety razor winners will be announced at the grand stand. Be there every day.

Rev. Ford and family drove in from Dolores, Colorado Thursday evening and will spend a week or so on the mesa visiting relatives and friends. Rev. Ford has been minister of the Methodist Church at that place for several years and has been reappointed for that Charge the coming year. The Rev. and family have been to Denver to Conference and dropped down to see the mesa once more before returning to Dolores.

PREACHING NOTICE

Rev. Ford will preach at the Christian Church in Roy both morning and evening Sunday Sept. 11th. The morning sermon will be at 11 o'clock and the evening sermon at 8 P.M. Everybody invited to these sermons.

ELIMINATING DANGER FROM EXHAUST GASES

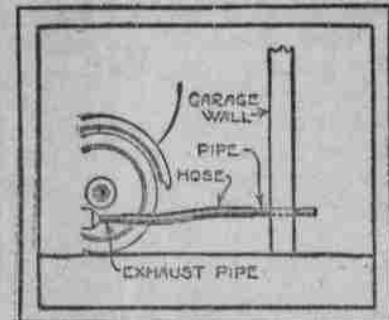

Simple Method Illustrated for Carrying Away Fumes.

Five Minutes in Small Unventilated Garage With Door Shut and Engine Working Means Another Job for Undertaker.

When Nat Willis, the noted actor, was found lying beneath his car, dead, and it was found that his death had resulted from inhaling the exhaust gases of an automobile, the motoring public began to take precautions against this menace.

If one should remain for five minutes in a small unventilated garage, with the door shut and fumes pouring from the car's exhaust he would be beyond the doctor's aid.

If you must work on the car with the engine running attach a hose to the exhaust and run the hose into a pipe that communicates with the outer

The Hose Carries the Deadly Fumes to the Outside Air and Keeps the Garage Air Pure.

air. In this way you get rid of those deadly fumes and eliminate the danger of being suffocated by them.

It is very simple to arrange so that this can be done. A hole is made in the wall of the garage, in a convenient position to the rear of the car, and piece of gas-pipe inserted. This pipe should be of sufficient length to protrude about 6 or 8 inches on each side of the wall and, if the wall is wood, duly insulated. Connection is made with a hose—E. T. Ofeldt in Popular Science Monthly.

TROUBLE IN IGNITION COILS

Effort to Secure Greater Efficiency, is Likely to Burn Out the Condenser.

The ignition coils on the market are made for the voltage that is obtained by using five or six dry cells. To connect a greater number of coils in series in order to secure greater efficiency is very likely to burn out the condenser and ruin the coil.

SO THE PEOPLE MAY KNOW

In order to clear up any doubt in the minds of the people as to the deflation in the prices of building material, we are showing below last years prices and present prices on the principal items going into a building:

	Last years price	Present prices
	per 100 feet	per 100 feet
Yellow Pine dimension, 2x4 - 2x6 - 2x8	\$ 8.00 to 8.50	\$ 4.50 to 5.00
Yellow Pine Boards	7.00 to 9.00	3.75 to 4.00
Yellow Pine Finish B & Btr.	15.00 to 16.00	9.00 to 11.00
Yellow Pine and Fir B & Btr., Flooring	14.00 to 15.00	6.00
Extra Star A Star Cedar Shingles	10.00 per M.	6.00

SASH AND DOORS 40 to 50 per cent REDUCTION

It will be seen that the prices on many items has been cut in two in spite of the fact that freight rates have advanced more than one-third

We believe that NOW is an opportune time to build. The exchange value of your farm products on LUMBER is practically the same as when you were getting WAR prices and paying WAR prices.

We can furnish you with plans and material for all your needs, and you can depend on a SQUARE DEAL in all your transactions with us.
